DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or fairly suggest a photosensor system comprising: a camera control apparatus for controlling a video camera in accordance with a control command from a computer terminal via a network, comprising: a control device; an issuing device adapted to issue a control right of the video camera, wherein if the control right of the video camera is not issued to the computer terminal by said issuing device for a predetermined period, after the predetermined period elapses, said control device executes automatic control of the video camera, and if the control right is issued to the computer terminal, said control device does not execute the automatic control of the video camera.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
